

ISPO UK Student Membership

ISPO UK is evolving. We have been working on a [calendar of events](#) for 2021 to offer more educational opportunities and to bring together the prosthetics and orthotics communities in the UK the prosthetics and orthotics communities in the UK in these difficult times.

We are actively encouraging new student members to join ISPO UK to contribute to and participate in our activities and events. ISPO is an international multidisciplinary society and we strongly encourage and welcome membership from all disciplines across the rehabilitation community. As a student member of ISPO UK you become part of a global community spanning in excess of 100 countries with 3,300 members.

Recent events in December included a webinar on P&O practice during the Coronavirus pandemic and also the first meeting of the newly formed upper limb specialist interest group.

Annual membership includes the following:

- Free access to ISPO UK webinars (a further 4 already planned in 2021)
- Free access to ISPO UK teaching and research Zoom webinars (currently 2 planned in 2021)
- Free access to ISPO UK organised specialist interest groups (of which 1 has been set up so far with more to be set up in due course)
- Free online subscription to the Prosthetics and Orthotics International journal
- Free access to the ISPO members-only online portal
- Discounted rates for the ISPO UK Annual Scientific Meeting 2021 and the ISPO World Congress 2021 – both of which will be held online
- Discounted rates for future face-to-face ISPO UK and ISPO International meetings and exhibitions (to be organised in due course when it is safe to do so)
- Opportunities to engage with practising clinicians and other AHPs who work in rehabilitation, researchers and engineers
- Opportunities to attend events with P&O employers
- A dedicated student representative on the Executive Committee

**ALL OF THIS IS AVAILABLE FOR AN ANNUAL
COST OF £30 FOR STUDENTS
